

0405 NSCC RECRUIT TRAINING (CONTINUED)

8. Prerequisites. In order to attend either the 14-day or the 9-day Recruit Training model:

a. The cadet must be enrolled in the NSCC program prior to 01 May for summer, and 01 November for winter. This time limit is established to ensure proper enrollment, obtain required uniforms, and to review BMR requirements.

b. The cadet must pass a Physical Fitness Test prior to being released to attend training.

c. NSCC Cadets must be 14 years old prior to 01 September for summer training and 01 March for winter training, or former NLCC Cadets who are 13 years old, have successfully completed NLCC Orientation Training, and are considered "mature" enough by the unit commanding officer.

d. For those cadets attending, they must receive training on the subjects covered in Chapters 1, 5, 6, 9, and 10 of the Basic Military Requirements Course (NAVEDTRA 14325) prior to reporting. These chapters provide the requisite knowledge needed to complete recruit training. While completion of the entire BMR is strongly encouraged, training at the unit level on this material meets the prerequisites for attendance. The unit commanding officer's signature on the orders and the training registration in MAGELLAN certifies the cadet's readiness for training.

e. The cadet must obtain the required uniform items (Sea Bag List) and comply with directives as prescribed by the Commanding Officer of the Training Contingent (COTC).

0406 NLCC ORIENTATION

6. Prerequisites. Cadets must be enrolled in the NLCC program prior to 01 May for summer, and 01 November for winter. This time limit is established to ensure proper enrollment and to provide the opportunity to obtain required uniforms. Waivers for 12-year-old cadets may be granted at the COTC's discretion.
